## ABOUT AERO SOUTH AFRICA

AERO South Africa is a trade show for the General Aviation community, covering a spectrum of services and products for the General Aviation Industry, offering the opportunity to visitors to discover new developments and technology in this industry. After the launch event in 2019, this trade show has already garnered the reputation as the 'not to be missed' event on Southern Africa's General Aviation event calendar.

Meet with leading industry experts, General Aviation enthusiasts and business owners, flight training schools, pilots, business and private aircraft owners, over this 3-day trade show offering demonstrations, informative sessions, experiential activations and face-to-face business meetings.
